

Derrick Teye

Frontend Developer

THE MISFITS

rileyhappuch@gmail.com · +233 54 689 6286 · Ghana · Available for remote work

PROFILE

Frontend Developer with 3+ years of experience building modern, responsive web applications. I specialize in React, JavaScript, and polished UI/UX — from e-commerce storefronts and dashboards to portfolio and social products. I focus on performance, accessibility, and clean, maintainable code.

CORE STRENGTHS

- 3+ years professional frontend development
- React, JavaScript, TypeScript, and modern CSS
- Responsive, mobile-first interfaces
- E-commerce, dashboards, and content-driven apps

TECHNICAL SKILLS

Core

JavaScript · TypeScript · HTML5 · CSS3 · React · Next.js · Vue.js

UI & styling

Tailwind CSS · Responsive design · Component architecture · Accessibility

Backend & data

REST APIs · GraphQL · Supabase · Firebase · PostgreSQL

Tools

Git · Netlify · Webpack · Chart.js · Styled Components · Material UI

EXPERIENCE

Frontend Developer

Freelance · THE MISFITS · 2021 – Present

- Design and build responsive web apps for clients across e-commerce, education, and enterprise sectors.
- Deliver React and Vue.js frontends with secure auth, real-time data, and optimized Core Web Vitals.
- Collaborate on UI/UX, translate Figma-style requirements into accessible, production-ready interfaces.
- Ship and maintain projects on Netlify with CI-friendly workflows and documented handoffs.

SELECTED PROJECTS

The Misfits Shop

<https://themisfits.netlify.app/>

React, TypeScript, Supabase, Styled Components

E-commerce storefront with product browsing, cart flow, and brand-forward UI.
